

## Top five digital resolutions of Europeans for 2020

Almost half of Europeans are planning to make New Year's technology resolutions to increase quality of their digital life in 2020. **The top ones are:**

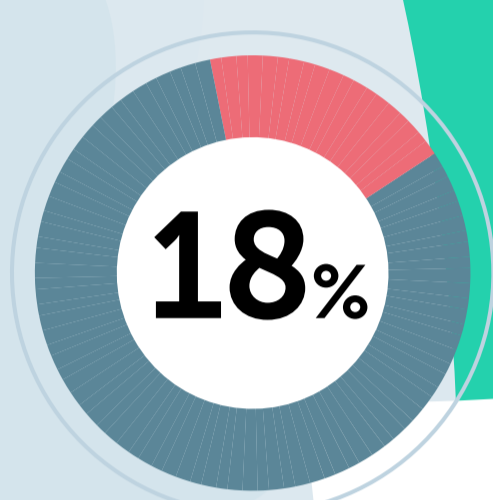

1

**I will look to reduce my screen time**

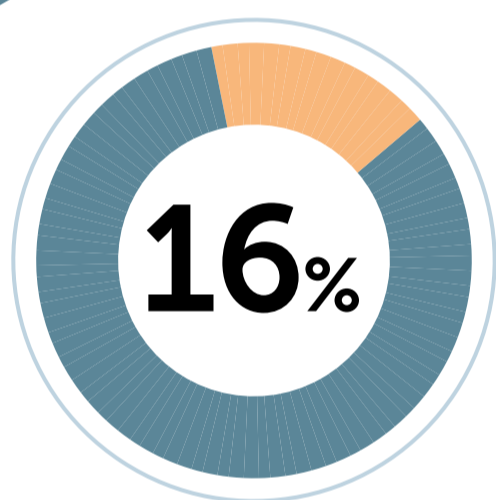

2

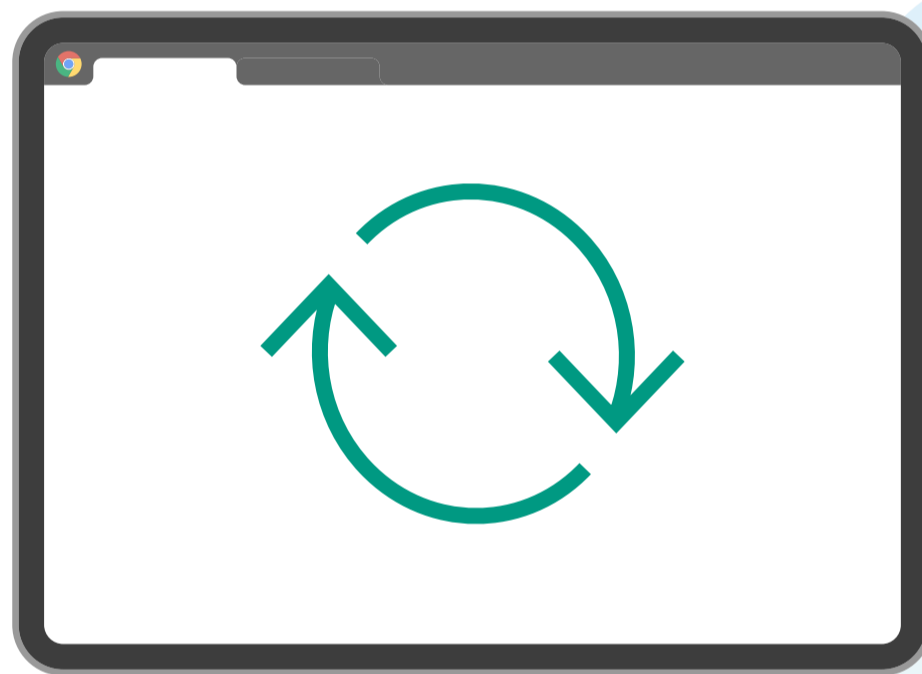

**I will try not to fall asleep with my smartphone next to my pillow**

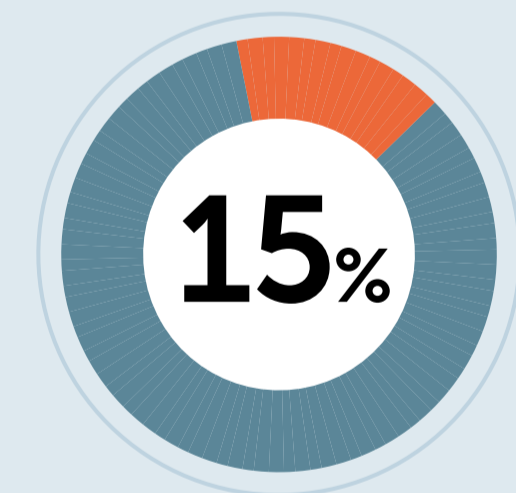

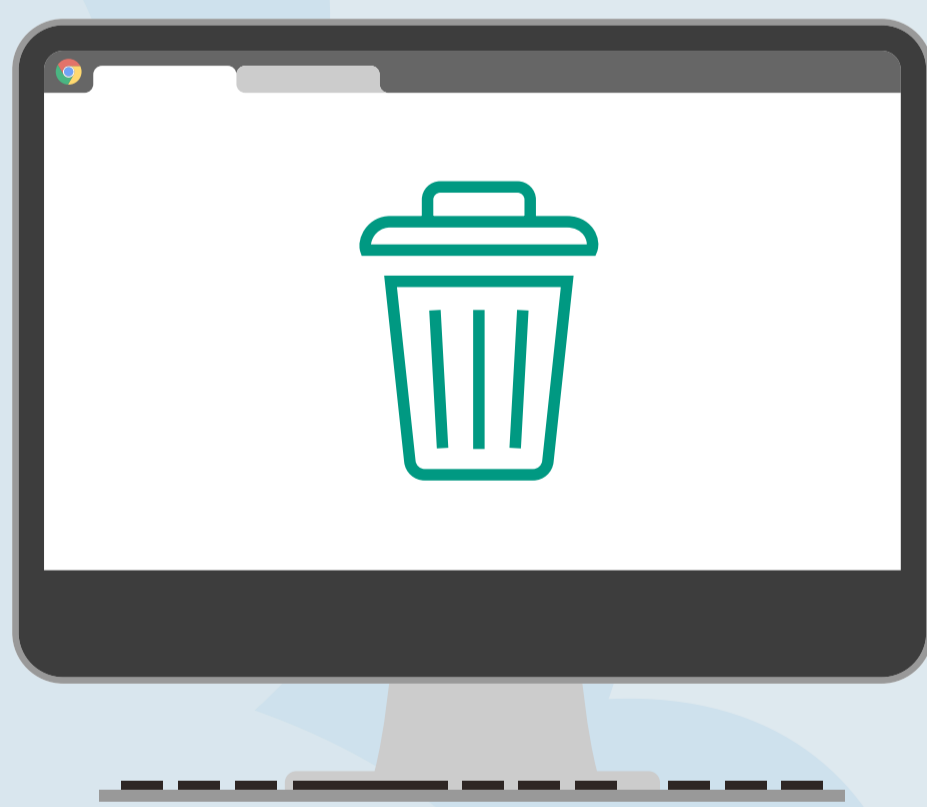

3

**I plan to do more back-ups**

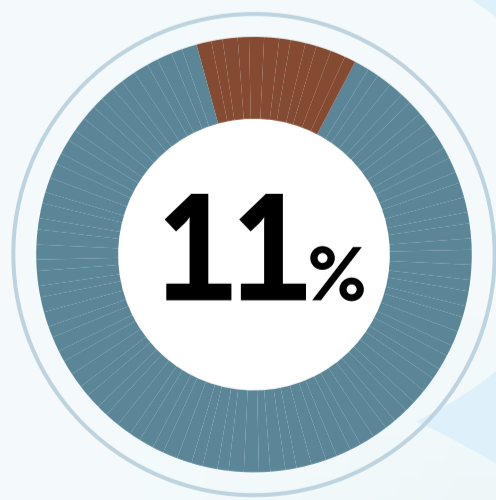

4

**I will clean my desktop on a regular basis**

5

**I will delete any Facebook friends I have not met in person**

**Happy New Year from Kaspersky**
